Please provide any additional comments which you believe would be of assistance to the Committee:

- **It was a relaxed environment, which was conducive for openness and asking questions.**
- **Thank you; for traveling to the north!**
- **Great information. Too bad the group was small. It would have been good information for all service agencies to have. How does OASIS continue to provide this level of support for so little money?**
- **No reflection on OASIS; but I was very disappointed of the lack of participation of the northwestern Ontario agencies – especially the Bay!**
- **Employers group for WSIB.**
